

Greetings from the School Board

On behalf of the Board, I would like to wish students, staff, carers and parents the very best for Term 3. The dedication shown by our teachers and staff is a huge asset to our school. We hope that students can match their teacher's efforts and enthusiasm, making this term a productive learning experience for the whole class. I'd also urge that if you haven't had the opportunity to discuss your child's progress with his/her teacher, make an appointment to have a chat. Greater communication and involvement in your child's education can only lead to more positive outcomes!

We would like to give special thanks to the great work that the P & C has been doing over the year. Too often the efforts of this dedicated group are overlooked. A large amount of school purchases such as playground equipment, incursions and educational resources could not have been paid for without the financial support of the P&C. These purchases make the school a better place and provide a better education for our children.

Unfortunately, the continued success of the P&C cannot be relied upon unless it can recruit more members. Fundraising efforts are often left to the minority, yet they benefit the whole school. This load must be spread amongst more people, instead of being left to a small group of families. I strongly urge you to consider joining the P&C, particularly if your child is in the earlier years of their schooling. It is an investment you won't regret! You'll be able to meet new people, assist the school in a huge way and I'm sure your child will really appreciate your assistance.

Thanks for reading this and I really hope you'll give consideration to being more involved in our school community.

Ben Jones
(School Board Chair)
